Education

Doctoral Coursework	University of San Francisco, San Francisco, California (2011-2013)
	Doctor of Nursing Practice
Masters of Science in Nursing	University of San Francisco, San Francisco, California (2013)
	Clinical Nurse Leader Program
Bachelor of Science in Nursing	University of Texas at Arlington (UTA), Arlington, Texas (2007)

Honors and Awards

- Patriot Award, Office of the Secretary Defense, Employer Support of the Guard and Reserve (2014)
- Inducted, Honor Society of Nursing, Sigma Theta Tau International, Beta Gamma Chapter (2012)
- Finalist, Nurse.Com Award for Nursing Excellence- Inpatient Nursing, California Nurse of the Year (2012)
- University of California San Francisco Medical Center Hospital-wide Thanks Superstar Award (2012)
- University of California San Francisco Medical Center 9/13 ICU Employee of the Month (08/2009, 02/2011, 12/2013)
- Baylor Hospital-Wide Employee of the Month (05/2008)
- Honoree: National Student Nurses' Association (NSNA) and Army Nurse Corps *"Spirit of Nursing"* Award (2007)
- UTA Honoree: University Scholar (2007)
- UTA College of Nursing Honoree: "Who's Who Among Students in American Universities and Colleges" (2007)
- UTA College of Nursing Outstanding Leadership Award Honoree (2007)
- UTA College of Nursing Clinical Award Recipient for Outstanding Nursing in "NURS 4581: Nursing of Adults with Complex Needs (Critical Care)" (2006)
- UTA College of Nursing Clinical Award Recipient for Outstanding Nursing in "NURS 4431: Nursing of Children and Adolescents (Pediatrics)" (2006)
- Honoree: Arlington Nursing Students' Association, Sterling Award (2006)
- Honoree: Golden Key International Honor Society (2005)
- National Deans List (2004)
- UT at Arlington Freshmen Honors List (2003)
- Texas Career and Technology Council: Best of Texas Awards Winner (2002) (2003)
- Texas Health Occupations Students of America (T-HOSA): Outstanding HOSA Member of Texas (2003)
- National Health Occupations Students of America Nursing Spectrum Scholarship Winner (2003)

Professional Registrations and Certifications

- California Board of Registered Nursing, Registered Nurse (RN) (License #: 732895)
- American Association of Colleges of Nursing Commission on Nurse Certification, Clinical Nurse Leader (CNL) Certification (Certificate ID#: 10640494)
- American Association of Critical-Care Nurses (AACN) Certified Critical-Care Registered Nurse (CCRN) (Certficate ID#: 781840)
- AACN Certification in Cardiac Medicine Nursing (CMC) (Certificate ID#: 781840)
- Pharmacy Technician Certification Board Certified Pharmacy Technician (CPhT) (Certificate ID#: 260101030758599)
- Oncology Nursing Society (ONS) Certified Chemotherapy and Biotherapy Provider (Provider ID#: 385571)
- DataScope Intra-Aortic Balloon Pump (IABP) Certified Provider
- Team Strategies and Tools to Enhance Performance and Patient Safety (TeamSTEPPS®) Master Trainer
- American Heart Association (AHA) Basic Life Support (BLS) Certified
- American Heart Association (AHA) Advance Cardiac Life Support Experienced Provided (ACLS) Certified
- American Heart Association (AHA) Pediatric Advanced Life Support (PALS) Certified
- California Nursing Outcomes Coalition (CalNOC) Pressure Ulcer Assessment Certification
- California Insititute for Nursing and Healthcare (CIHN) Level 1 Simulation Training
- California Insititute for Nursing and Healthcare (CIHN) Level 3 Simulation Training

Current Employment

Adjunct Faculty University of San Francisco
School of Nursing and Health Professions San Francisco, California
January 2012 –Current *(Concurrent Employment with UCSF Medical Center)*

- Consistently scored at 0.001 level (>99th percentile) of the national mean in all six elements of the SUMA Information Systems Inc. Student Evaluation Tool in all semesters taught at the University of San Francisco (instructor commitment to student learning, instructor preparation and organization, intructor/student interaction, testing, course objectives, course assignments).

Interim Assistant Patient Care Manager University of California San Francisco Medical Center
Adult Medical-Surgical Intensive Care Unit San Francisco, California
July 2013 – Current

- Promoted from Clinical Nurse-III to Interim Assistant Patient Care Manager
- Serves as expert clinician and clinical resource to intensive care unit (ICU) staff.
- Assists the Patient Care Manager (PCM) in ensuring the quality of patient care in the Adult Medical-Surgical ICU and serves as a role model for professional nursing practice
- Assists with the administration and management of personnel, fiscal, and material resources on a 24-hour basis
- Provides education to staff regarding professional development standards and intensive care unit standards of care
- Responsibilities also include but are not limited to: operations, scheduling, coordination of orientations, payroll, advisor to CN-III's, budgeting (with PCM), and interviewing/hiring of new employees.
- Reviews all Incident Reports and follows up on all issues brought up within the reporting system. Performs employee counseling, course correction, and referral to appropriate departments as needed.
- Collects and analyzes quality data for the ICU and assists with formulation of process improvement plans to maintain quality.
- Conducts daily rounds with staff, patients, and family addressing any issues and performing immediate service recovery
- Maintains clinical practice by working 10% of appointment as a bedside clinician in the role of primary RN/charge RN and 90% of work appointment in a supervisory position.
- Nursing co-chair of the hospital-wide Nursing Pharmacy Committee. The purpose of this committee is to develop and implement best practices and to ensure safe medicaion processes throughout UCSF Medical Center and UCSF Benioff Children's Hospital.
- Assumes full responsibility for the unit in areas delegated and in the absence of the Patient Care Manager

Please see Clinical Nurse-III section

Work History

Clinical Nurse-III and Charge Nurse University of California San Francisco Medical Center
Adult Medical-Surgical Intensive Care Unit San Francisco, California
September 2008 – July 2013

- Provided direct nursing care as a team member of a 32-bed critical care unit in a tertiary care center with special emphasis on clients who need solid organ transplants (liver, kidney, small bowel and pancreas), liver failure management (ALF/ESLD), general surgery, general medicine (sepsis/MODS/SIRS), neurology, critical care oncology, and patients requiring advance pulmonary interventions (ALI/ARDS), and Continuous Renal Replacement Therapy (CRRT) using the NxStage System One CRRT machine.
- Served as a member of the core leadership group in the Clinical Nurse-III role
- Actively participated in the steering committee and strategic planning of the unit's general operating policies, evidence based practice utilization, and related matters affecting the overall operation of 9/13 ICU.
- Responsible for supervision and mentoring of 10 to 12 direct reports conducting yearly performance evaluations, career planning and overall professional development.
- Served as a resource and preceptor to newly hired nurses and was also a member of a committee that assessed, documented, tracked, and evaluated monthly pressure ulcer prevalence data for the ICU.
- Updated and revamped the liver transplant reference book for the Intensive Care Unit and converted it into an electronic format of 1085 pages of evidenced based articles organized into sections with one click links for ease of use.
- Created a four-part Advanced Hemodynamic Series educational article for the newsletter which provided current best practice evidence for management of patients with invasive arterial lines and pulmonary artery catheters.
- Author and owner of the "PUPpy Press"- a monthly section in the newsletter providing education and updates to staff about the activites of the Betty and Gordon Moore work group and the pressure ulcer prevention team in the ICU.
- Lecturer, UCSF Critical Care Training Program: Care of the Liver Transplant Patient and Advanced Hemodynamic Monitoring.
- Main responsibilities as a charge nurse included the overall shift operation of the unit; overseeing staffing, patient assignments, patient care delivery, and patient flow; and general problem-solving during the assigned shift by serving as a resource for all nurses in the unit.

Employer Contact

Alberto Garcia RN, MSN, NE-BC
Ph: 415 353 1589 Email: alberto.garcia@ucsfmedctr.org

Staff Nurse and Clinical Nurse Supervisor Maxim Healthcare Services
Sep 2008 – Feb 2010 (Concurrent Employment with UCSF Medical Center) Emeryville, California

- Provided direct nursing care in a home health setting with direct emphasis on pediatric and adult patients who require wound care, IV therapy, diabetic care, catheter care, cardiac and respiratory care assessment, medication/pain management and cancer care. Also performed intermittent IVIG infusion therapy in a home care setting.
- Assessed and supervised the delivery of home care services by field staff ensuring that all are at compliance with federal, state and local regulations. Also updated care plans as necessary during supervisory visits and assisted in orientation and training of employees.

Registered Nurse and Charge Nurse Baylor Medical Center at Irving
General Surgical/Cardio-Thoracic Intensive Care Unit Irving, Texas
Jun 2007 – Sep 2008

- Provided direct nursing care as a team member of a 14 bed critical care unit with special emphasis on clients who require: Coronary Artery Bypass Graft (CABG) surgery, thoracotomy, aorta-bifemoral artery bypass surgery, carotid endarectomy, Continuous Renal Replacement Therapy (CRRT) using the PRISMA system, Intra-Aortic Balloon Pump (IABP), and patients needing advanced pulmonary interventions, vasopressor support and other specialty procedures such as a KCI roto-prone bed.
- Ensured proper utilization of resources and appropriate patient assignments by matching the skill sets of the RN with the level of acuity of the patient as a charge nurse.
- Member of a multidisciplinary team which initiated a quality improvement program in the ICU that has spread throughout the different clinical areas of Baylor Irving that reduced the hospital acquired pressure ulcer rate to its current number of 1%. This program was nominated and won second place for a system-wide quality award program.
- Preceptor for new hire RNs and lecturer for the BMCI critical care internship program.
- ICU Rapid Response Team (RRT) and ICU code blue team member/leader.

Patient Care Technician and ICU Nurse Extern Methodist Charlton Medical Center
Dec 2005 – May 2007 Dallas, Texas

- Member of a nursing support team that performed delegated tasks as allowed by the Texas Nurse Practice Acts under the direct supervision of a Registered Nurse.
- Served as a member of a technical support team which instructed and helped RNs with the new Bedside Medication Verification system implemented by the Methodist Health System.

Pharmacy Technician-II Wal-Mart Supercenter #807
June 2002 – May 2006 North Richland Hills, Texas

- Performed delegated tasks such as filling of prescriptions, input of new prescription orders, insurance claims resolutions and processing and re-stocking/inventory of medications.
- Served as preceptor for newly hired technicians.

Teaching Experience

- **University of San Francisco School of Nursing and Health Professions: Adjunct Faculty (2012-Present)**

Current Teaching Appointment
- Masters of Science in Nursing (MSN) Department:
  NURS 636: Medical Surgical Nursing-II Clinical Lab
  NURS 612: Advanced Pharmacology and Pathophysiology

Previous Teaching Appointments-
- Bachelors of Science in Nursing (BSN) Department:
  NURS 275 Clinical Lab II: Alteration in Health and Illness
  NURS 375 Clinical Lab IV: Medical Surgical Nursing
  NURS 375S Clinical Lab IV Simulation: Medical Surgical Nursing

I facilitate learning by assisting students in applying cognitive learning in the clinical setting and classroom setting. I assist nursing students in performing psychomotor skills by safely adhering to accepted principles and methods. I also evaluate student progress and maintain record of their clinical experience.

Served as clinical faculty for hospital practica and clinical simulation for medical-surgical and advanced medical-surgical nursing. Typical clinical length is 9.5 to 12.5 hours for hospital clinical course and 7 hours for simulation one day each week of the semester. The role of the clinical instructor is to guide the nursing student in the provision of competent and safe patient care. The clinical instructor has a legal, ethical and professional obligation to evaluate students' clinical performance (knowledge and skills) to ensure the preparation of safe clinical practitioners.

Community Involvement

Church Member St. Paul Evangelical Lutheran Church
Dec 2008 – Mar 2010 Oakland, California

- Participated in multiple community outreach programs including volunteering at a local nursing home and organizing a fall festival program open to all children living around the church community.

Medical Volunteer Bob Mann Medical Clinic- Mission Arlington
Sep 2003 – May 2007 Arlington, Texas

- Part of a multi-disciplinary health care staff which provided quality care at no cost to low-income residents of Tarrant, Dallas, Mansfield, and other surrounding counties.
- Performed technical nursing and other duties deemed necessary by RN, NP, MD, or DO such as admits, laboratory procedures (UA, Glucose/HgbA1c testing, pregnancy testing and strep tests) and direct patient care.
- Key participant in the organization and maintenance of the clinic medicine room.
- Facilitated communication exchange between the clinic and local pharmacies.

President, Health Occupations Students of America (HOSA) Richland HS Chapter
Richland High School, North Richland Hills, Texas
Sep 2001 – May 2003

- Served as a big brother mentor in reading for at-risk elementary school students in Birdville Elementary School. Children accepted in the program are those who are in grades three to five who perform below average in the state standardized reading exam.
- Organized four blood drives in Richland High School with each blood drive averaging 130 units collected of whole blood plus 10 to 15 units of platelet apheresis products.
- Organized a total of four school wide penny drives that averaged $600.00 to $800.00 per collection, which was used to purchase toiletries and other needed supplies for a local battered women's and children's shelter.
- Organized a school wide community service project, which promoted awareness regarding domestic violence. 100% of Richland High School students participated and signed a petition to help end domestic abuse and violence. This community service project gained top honours in the state HOSA competition and was the state of Texas representative to the 2003 National HOSA competition.

Professional Affiliations and Involvement

- American Association of Critical Care Nurses, Member
- American Nurses Association, Member
- Sigma Theta Tau International Honor Society of Nursing, Betta Gamma Chapter, Member
- National Student Nurses' Assoc. (NSNA) Board Member, Resolutions Committee (2006-2007)
    - Responsible for review of all resolutions submitted for presentation to the NSNA House of Delegates from the southern region (16 states); ensured workable implementation of resolutions; edited, rewrote, and/or combined resolutions for clarification of facts and style; consulted with resolution authors at the convention, requested information on any pending resolutions, refused resolutions or parts of resolutions that were not feasible, that were submitted after the deadline, and that were incomplete or that duplicated NSNA policies.
- President, Arlington Nursing Students' Association (ANSA) (Spring 2007)
    - Represented the nursing student body of the University of Texas at Arlington College of Nursing at the annual Texas and National Student Nurses' Association convention.
    - Served as the liaison between nursing students and faculty/administration of the College of Nursing.
    - Presided at all meetings of the association and board of directors.
- American Assembly for Men in Nursing, Member (2003-2007)
- National Student Nurses' Association, Member (2003-2007)
- UT at Arlington Nursing Students Association Cardiopulmonary Resuscitation (CPR) Coordinator (2006)
    - Scheduled, organized, and facilitated CPR training courses during new student orientation at the beginning of each semester for all incoming nursing students.
    - Coordinated CPR courses for students and community members as needed throughout the year.
    - Maintained CPR training equipment, including mannequins, training videos, ambu-bags, Automated External Defibrillator trainers, and all other equipment.
    - Recruited and facilitated training of CPR instructors as needed by the Association.
- UT at Arlington Student Congress Nursing Senator (2005)
    - One of two senators that represented the nursing student body to the highest level of student government at the University of Texas at Arlington.
    - Co-authored important resolutions that affected the student body of the University of Texas at Arlington
        - Dissent to the conversion of the grading system to the plus/minus system
        - Resolution submitted to the Arlington City Council in support of a sales tax exemption on textbooks for higher education
        - Prohibition of locking down doors after start of class and in between breaks for nursing students who have class hours greater than three hours.
- Health Occupations Students of America, Member (2001-2004)

Presentations:

- Association for Donor Recruitment Professional (ADRP) Annual Conference (2003)
  Conference Co-Speaker: "Automation in High School Drives"
  Houston, Texas; April 29 to May 3, 2003
  - Part of a panel discussion that presented three different perspectives- student, instructor and donor recruiter on how to market automation to high school blood donor groups.
- Baylor University Medical Center Critical-Care Training Program
  Topic: Neurological System
  Dallas, Texas; February 2008
- Baylor Healthcare System Staff Nurse Advisory Council
  Topic: Nursing Sensitive Quality Indicator- Pressure Ulcers
  Dallas, Texas; August 2008
- Baylor Healthcare System Best Care Committee Quality Summit
  Topic: Zero Tolerance for Soaring Rates of Hospital Acquired Pressure Ulcers
  Dallas, Texas; August 2008
- University of California San Francisco Medical Center Critical-Care Training Program
  Topic: Post-Operative Care of Liver Transplant Patients
  San Francisco, California; August 23, 2012
- University of California San Francisco Medical Center, Adult Medical Surgical ICU (9/13 ICU) Staff Meeting
  Topic: Intra-Arterial Blood Pressure Monitoring, The Gold Standard
  San Francisco, Califorina; September 10, 2012
- University of San Francisco School of Nursing and Health Professions
  Topic: Simulation as a Tool For Educating the Nurses of Tomorrow
  Guest of Honor: Democratic Leader Nancy Pelosi
  San Francisco, California; September 29, 2012
- University of San Francisco School of Nursing and Health Professions
  Topic: Nursing Grand Rounds: Being Successful After Nursing School
  San Francisco, California; February 26, 2013
- University of California San Francisco Medical Center
  Topic: Hepatic Dysfunction
  San Francisco, California; June 17, 2013
- San Francisco American Association of Critical-Care Nurses
  Topic: Bringing Evidence into Practice: 2012 Surviving Sepsis Campaign Updates
  San Francisco, California; June 18, 2013
- University of California San Francisco Medical Center
  Poster- Optimizing Communication, Collaboration and Efficiency: Standardizing Nurse Participation in ICU Rounds
  San Francisco, California; October 9, 2013
