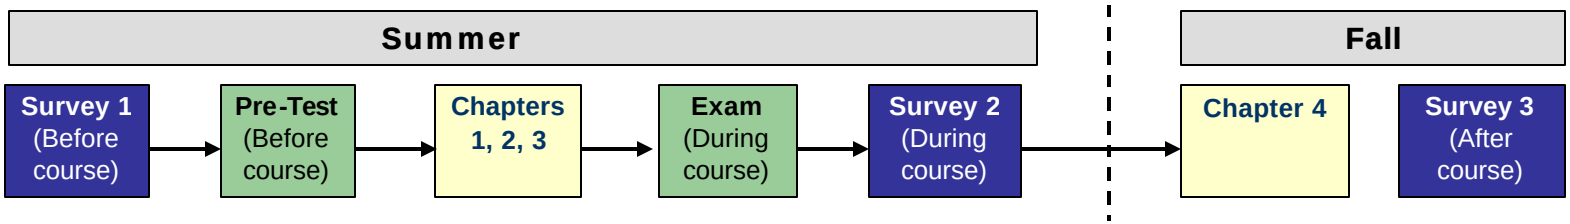
9. Care-taking behavior	23
12. Protective factors	24
13. Risk factors	26
10. Consequences of alcohol use	29
11. Other drug use	34
14. Alcohol use and consumption	35
15. Custom questions	38

Introduction:

The Evaluative Report illustrates the important changes in attitudes, behaviors and beliefs exhibited through strategic comparison of Survey 1, Survey 2 and Survey 3 data. It is important to note that this report tracks student responses to matched questions throughout the survey process, and reports data only on students who have completed all three surveys.

AlcoholEdu for College Design:

Students complete Survey 1 and Survey 2, alongside the Pre-Test and the Exam, during the summer before arriving on campus, and Survey 3 during the fall semester.



Survey 1
Students complete this 27-question survey before they begin the course. It assesses drinking behavior, consumption patterns and attitudes about drinking including perceptions of campus norms. It also collects important demographic information on each of the participants.

Survey 2
Students take this 25-question survey after they complete the course but before they receive their Final Exam grade. This survey revisits each student's expectations, attitudes and opinions about drinking. It asks students to evaluate AlcoholEdu as a learning tool and assesses student's beliefs about how much knowledge they have gained.

Survey 3
This 17-question survey is presented to students from 30-90 days after they have completed the course. This survey asks students many of the same behavior, consumption and attitude questions found on Survey 1, thereby allowing changes to be assessed. Other areas of inquiry include whether the student has thought about the material since taking AlcoholEdu and how the course content may have affected his or her choices about drinking.

1. Demographics -

What sex are you?

Choices	Survey 1 Number Answered	Survey 1 Percentage Responding
Male.	188	28.2%
Female.	479	71.8%
Total:	667	

Recognizing that these categories are limiting, with which of the following do you self-identify? Please check as many as apply.

Choices	Survey 1 Number Answered	Survey 1 Percentage Responding	Survey 1 Percentage Total Responding
White or Caucasian.	391	52.9%	58.6%
Black or African-American.	30	4.1%	4.5%
Asian or Pacific Islander.	181	24.5%	27.1%
Hispanic or Latino.	89	12.0%	13.3%
Indian or Native American.	11	1.5%	1.6%
Additional Information:	37	5.0%	5.5%
Total:	739		

What is your US citizenship status?

Choices	Survey 1 Number Answered	Survey 1 Percentage Responding
US citizen.	579	91.3%
Permanent resident.	25	3.9%
None.	30	4.7%
Total:	634
