How to Order Texts Online:

In addition to ordering your texts in person at the Bookstore, students may also order texts online. If texts are ordered online, a bookstore staff member will pull your texts from the shelf, package your order, and hold your texts for your pick-up once the order is ready – greatly minimizing your shopping time. The online feature also allows students a choice between new and used texts (if used texts are available). *Please follow instructions listed on page 8 of this booklist to order texts online.*
