BRIEF SUMMARY OF PROPOSED WORK:

(You may write your summary on this form or attach a separate page.)

If you have received credit at this or any other school for writing a paper on this or a closely related topic (regardless of the paper's length), or if you have written or researched any aspect of this topic for your employment, please describe the circumstances specifically. Attach additional sheets if necessary.

What other background, if any, do you have with this topic? Attach additional sheets if necessary.

How will the proposed paper differ from the work you have done previously on this topic? Attach additional sheets if necessary.

Do you plan to submit a paper on this or a closely related topic (regardless of the paper's length) for any other class while you are a student at USF? If so, please describe the circumstances specifically. Attach additional sheets if necessary. *Submission of this paper for credit in any additional course, without my prior written approval, will be considered an honor code violation.*

I have read, understood, and completely filled out all relevant portions of this proposal. If the information changes, I will submit the changes in writing as soon as possible. In addition, I have read the handout titled "Suggestions and Criteria for Papers" and understand the material contained in it, including the section on plagiarism.
