EMERTI RETIREMENT HEALTH SOLUTIONS

This program will help prepare you in meeting your health care costs in retirement, including access to quality, comprehensive insurance for yourself and your eligible dependents.

Beginning at age **40** USF will make contributions for USFFA members to help pre-fund the retiree health benefits that may become available to you under the terms of the plan. In addition, the plan requires a mandatory \$10 monthly pre-tax contribution from USFFA members. At any age, you also have the option to make voluntary after-tax contributions. You determine how the funds will be invested, choosing from several Fidelity investment options. You will be vested in the plan once you have attained 10 years of service at the University.

The balance in your Emeriti Health Accounts is available in retirement for payment of health insurance premiums and reimbursement of other qualified medical expenses. These amounts are paid out tax free, which can mean significant savings over paying medical expenses and health insurance premiums with retirement plan distributions.

SUPPLEMENTAL RETIREMENT PLANS (OPTIONAL)

Eligible upon hire or anytime thereafter.
