XXXXxxx	(Core)	4 units			
TOTAL: 18 units			TOTAL: 13 units		

Total Number of Units: 128

* General Psychology, Human Anatomy, Survey of Human Physiology, and Microbiology (in any order) are prerequisites to the third (Nursing Module #1) semester.

** Must be taken before the fifth (Nursing Module #3) semester.

*** Prerequisite to NURS273

BRN requirement for NCLEX. Can be taken anytime in the program.

+ Must be taken before the third semester, Nursing Module #1.

BSN CURRICULUM PATTERN

FIRST YEAR (completed over the first two semesters)

Prerequisites (nursing support courses) that must be successfully completed *before* beginning NURS 220,221,222,225 courses:

* (B)	Biology 113: Human Anatomy Lec	3 units
	Biology 114: Human Anatomy Lab	1 units
* (B)	Biology 115: Survey of Human Physiology Lec	3 units
	Biology 116: Survey of Human Physiology Lab	1 units
* (B)	Biology 134: Microbiology Lec	3 units
	Biology 135: Microbiology Lab	1 units
* (E)	Psych 101:General Psychology	4 units

Rhetoric and Composition Courses must be completed by the 5th semester, first JUNIOR semester, and may only be taken at USF

Successful completion of a course in nursing support courses or nursing major courses is defined as a final course grade of “C” or better.

Students who earn less than a “C” in any one of these courses must repeat the course and earn a “C” or better in the second attempt.

Students who earn less than a “C” in any two (2) of these courses will be disqualified from the nursing program

As undergraduate students enroll in the above courses, they may also enroll in any of the CORE courses listed below to insure that they retain their full-time student status. 12 units per semester)

#	Sociology	4 units (preferably Introduction to Sociology 150)
(A)	Public Speaking	4 units
(A)	Advanced Written Communication	4 units

Mental and Physical Qualifications for Professional Nursing

The following are MINIMUM mental and physical qualifications for admissions to the professional nursing program:

1. Frequently work in a standing position and de frequent walking
2. Lift and transfer patients up to 6 inches from a stooped position, then push or pull weight up to 3 feet.
3. Lift and transfer patients from a stooped to an upright position to accomplish a variety of transfers.
4. Physically apply up to 10 lbs. of pressure to bleeding sites or in performing CPR.
5. Respond and react immediately to auditory instructions/requests/monitor equipment and perform auditory auscultation without auditory impediments.
6. Physically perform up to 12 hours clinical laboratory experience in a day.
7. Perform close and distance visual activities involving objects, persons and paperwork as well as discriminate depth and color perception.
8. Discriminate between sharp/dull and hot/cold when using hands.
9. Perform mathematical calculation for medication preparation and administration.
10. Communicate effectively, both orally and in writing using appropriate grammar, vocabulary and work usage
11. Make appropriate and timely decisions under stressful situations.

All students in the SON are expected to meet these qualifications and successfully complete course requirements. The SON will endeavor to make reasonable modifications and otherwise reasonably accommodate students with disabilities. Students with disabilities should consider their ability to meet the above qualifications with reasonable accommodations. The nursing faculty will evaluate any requests for accommodations with representation from outside the USF SON as appropriate.
