WORK EXPERIENCE

Vocational Nursing Faculty Instructor	09/2025- Present
Stanbridge Orange County Campus- <i>Irvine, CA</i> Pediatric Lab and Clinicals Leadership Lab and Clinicals	

- Deliver clinical and simulation-based instruction for vocational nursing students across medical-surgical, pediatric, and acute care learning environments
- Facilitate student learning through direct patient care experiences, clinical reasoning development, medication administration, documentation, and hands-on nursing skills
- Evaluate student performance through clinical observation, competency validation, feedback, and remediation
- Facilitate high-fidelity simulation experiences focused on clinical judgment, prioritization, delegation, patient deterioration, and emergency response scenarios
- Lead structured simulation debriefings to promote critical thinking, reflective practice, and integration of classroom concepts into clinical care
- Collaborate with faculty and clinical partners to ensure achievement of course objectives, regulatory requirements, and program outcomes
- Promote professional nursing behaviors, patient safety, quality care principles, and regulatory compliance within classroom, simulation, and clinical settings

RN Inpatient Care Manager	10/2025- Present
----------------------------------	-------------------------

Rady Children's Health Orange Hospital (formerly CHOC)- *Orange, CA*
Inpatient Case Management Float for ICU, NICU and Medical/Surgical

- Conduct comprehensive clinical assessments for pediatric, PICU, and NICU patients
- Collaborate with physicians, bedside nursing staff, and interdisciplinary teams regarding treatment plans, level-of-care determinations, and transitions of care
- Utilize advanced clinical judgment to evaluate complex pediatric and neonatal cases

- Supports staffing analysis through daily census data collection and weekend coverage sign out
- Clinical Ladder- elected Quality and Safety Chair, preceptor

Clinical Specialist, RN

03/2022- 10/2025

CHOC at Mission Hospital- *Mission Viejo and Laguna Beach, CA*

Maintained active bedside clinical practice by providing direct patient care support, staffing coverage, clinical consultation, and response to deteriorating pediatric and critical care patients across inpatient, PICU, Emergency Department, and Trauma settings.

- Collaborates with interdisciplinary teams for daily operations and patient care needs
 - Provided advanced clinical consultation and direct patient care support for complex pediatric and PICU populations
 - Responded to critical patient events throughout two hospitals, partnering with bedside nurses, physicians, and interdisciplinary teams to support clinical decision-making and optimize patient outcomes
 - Provided pediatric critical care consultation to Emergency Department and Trauma teams for pediatric patients requiring advanced assessment, stabilization, escalation of care, and transfer to higher levels of care
 - Maintained clinical competency through direct involvement in patient care activities, clinical rounding, case consultation, and supported operational needs by covering lunches, taking assignments, picking up shifts and supporting staff for high acuity, census and staff shortages
 - Completed and maintained pediatric clinical competencies, including a 90-day pediatric orientation and ongoing competency validation process
 - Functioned as an Ultrasound-Guided Peripheral IV resource, assisting with vascular access for patients with difficult intravenous access and supporting staff competency development
 - Initiated an Ultrasound-Guided Peripheral IV curriculum and supported competency for advanced skill
 - Developed and delivered staff education, competency validation, and evidence-based practice initiatives for pediatric and PICU nursing teams
 - Collaborated with nursing leadership and multidisciplinary teams to implement practice improvements, quality initiatives, and patient safety programs
- Performance improvement projects to optimize patient outcomes:
 - Led performance improvement initiatives targeting suicide-risk screening, PICU early mobility, sedation assessment compliance, delirium screening, CLABSI prevention, and patient experience outcomes.
 - Developed and implemented a PIVIE bundle to improve peripheral IV assessment and intervention practices using evidence-based standards.
 - Participated in high-risk patient rounds and interdisciplinary care conferences for medically complex patients.
- Code White Committee Co-Chair for CHOC Mission and Providence Mission Hospital
 - Improved compliance with post-event debriefing processes and crash cart audit completion.
- Consultation for shared service education needs
 - Facilitates and provides orientation to pediatric care services for new ED RNs at Mission
 - Pediatric care consultation in ED, trauma, Perioperative and Imaging services
 - Reviewed and advised on pediatric competency plans and educational programming across shared service departments

Nurse Educator- Emergency, Trauma and Imaging

09/2019- 11/2022

Providence Mission Hospital- *Mission Viejo and Laguna Beach, CA*

- Supported Emergency Department operations by covering meal and rest breaks, staffing triage, and assuming direct patient care assignments during periods of high census, staffing shortages, or increased acuity
- Functioned as an Ultrasound-Guided Peripheral IV resource, providing vascular access support for patients with difficult intravenous access and assisting with staff skill development
- Pediatric Trauma Center- collaborated with pediatric program managers to identify education and training needs targeted to improve patient outcomes- Improved pain reassessment in trauma

- Comprehensive Stroke Receiving Center- facilitated fast and furious 4 to decrease door to CT times for inbound EMS arrivals with stroke symptoms- presented at stroke survey
