CHANGE THE WORLD FROM HERE
The University of San Francisco puts you in **THE HEART OF A CITY UNLIKE ANY OTHER.**

For 166 years, our students have come to one of California’s most diverse, entrepreneurial, forward-thinking cities to gain the knowledge and global networks to build a successful — and meaningful — career. And because we are a Jesuit university, they gain a sense of responsibility for the larger world that equips them to change it for the better.

**#103 NATIONAL UNIVERSITY**

**#27 IN SHARE OF INTERNATIONAL STUDENTS**

**#1 IN U.S. FOR ETHNIC DIVERSITY**

At USF, it’s not about always having the right answers. It’s about asking the right questions. In small classrooms, our award-winning professors will encourage you to think critically and explore issues from different perspectives. They’ll put you to work on their research and debate theories over coffee. They’ll also connect you with internships in San Francisco so you can apply what you’re learning.

“...I was struggling in my chemistry class, but I couldn’t make it to my professor’s office hours. So he made a three-hour gap outside of his own office hours where I could sit down and do problems with him. The professors’ main priority is making sure that you are doing well, because they genuinely care.”
— Andrea Boesak ‘21, sociology major (South Africa)

“As a former international student myself, I sometimes thought ‘I don’t want to take up the teacher’s time,’ but at USF, you should take that opportunity to go to your professor’s office and talk to them about class, your career aspirations, or collaborating with them on research.”
— Joyce Yang, psychology professor

WHAT’S FOR LUNCH?

On campus, you’ll find seven dining options, all serving fresh, healthy food from local farms and providers. California cuisine reflects the diversity of the people living here, so you’ll taste foods from every culture, both on and off campus.

“Definitely live in the residence halls if you get the chance. I was lucky to live with both an international student and an American student. We had a lot of fun sharing different cultural experiences.”

— Tanya Sanjay ’22, marketing major (Singapore/China)

Immerse Yourself.

Get ready to jump into student life. More than 90 percent of first-year students live on campus and share rooms in secure residence halls. First-year students are guaranteed on-campus housing for two years, so you’ll always have someone to study with or join for an adventure. You’ll also have free membership to our recreation center and access to supportive staff dedicated to helping international students settle in.

WHAT'S NEW ON CAMPUS

LONE MOUNTAIN EAST (Residence Hall): Experience apartment-style living with sweeping views of downtown SF and the Golden Gate Bridge. Student lounges, courtyards, and a dining hall offer plenty of room to socialize.

HONORS COLLEGE (Kalmanovitz Hall): Join 600+ undergraduates in seminar-style interdisciplinary courses, conduct research, and study abroad while meeting your core curriculum requirements. Apply for a $20,000 J. Paul Getty Scholarship to support your travel and research.

ENGINEERING (Harney Science Center): Our engineering program welcomes more women and people of color to find ethical, sustainable solutions to community needs. Brainstorm and build prototypes in the new Innovation Hive, outfitted with equipment for 3D printing, woodworking, textiles, and composite work.

BUSINESS ANALYTICS (Malloy Hall): Our new bachelor’s degree is designed to meet growing demands for graduates who can analyze big data — ethically and credibly — and communicate the results in ways that shape industries.

BIOTECH LAB (Harney Science Center): As an undergraduate, you’ll have rare access to the latest tech used by Bay Area life science and biotech companies. Prepare to work on projects from diagnosing disease to manufacturing energy through biological systems.

WAR MEMORIAL GYM AT THE SOBRATO CENTER: Our athletic complex is getting a makeover, with a new premium seating level, hall of fame, and expanded practice and weight-training facilities opening this fall.
