MOOT COURT PROGRAM MEMBER CONTRACT

COMPETITION TEAM MEMBER:

I understand that Program membership is a yearlong commitment. As a Team Member, regardless of which semester I compete, I understand that I may have weekly team commitments at which my attendance is required.

As a team member, I understand that once my competition problem is released, I will no longer have the opportunity to voluntarily remove myself from the program, barring extreme, unforeseen circumstances. Furthermore, I understand I will be required to devote considerable time to the program, which will require significant time commitments as well as group meetings. **I understand that some of these time commitments may occur during winter break for brief writing and/or spring break for oral argument practice and/or competition travel.**

As a Team Member, I understand that externships are discouraged during the semester in which my competition competes in oral argument. I understand that in order to participate in any internship, externship or employment in the semester in which my oral argument occurs, I must first receive the express permission of the Moot Court Board.

I understand that team placements, once made, are tentative and an offer to be on a specific team does not guarantee that I will actually compete on that team and that I may be moved as circumstances require. I also understand that the various competition rules may be modified year-to-year without advanced notice to the Moot Court Board and that team placement is based on the rules from the previous year. Therefore, team membership may need to be modified based on new developments in team rules.

I understand that brief writing and oral argument responsibilities may need to be divided amongst an uneven number of team members. As such, I understand that some team members may be responsible for larger portions of the brief or may argue more than others, however, I will commit to being an equitable participant on my team.

I understand that team participation and membership in the program is contingent upon successful completion of Appellate Advocacy or Applied Evidence (for trial teams). Further, I understand that selection and team placement is contingent upon, among other considerations, performance in Appellate Advocacy as shown through class attendance & participation, the final brief and oral argument, and performance in the Advocate of the Year Competition (AYC) or the Intensive Advocacy Program (IAP).

I agree that if, subsequent to being selected and accepting a position in the program, I am no longer able to participate, I will notify the Moot Court Board **immediately**. This includes but is not limited to a change in academic eligibility, transfer to another law school and time conflicts.

MOOT COURT PROGRAM TEAM MEMBER CONTRACT

CASE COUNSEL:

I understand that Program membership is a year-long commitment, and therefore I understand that I will have Program commitments in both semesters of the year.

I understand that I will be required to devote considerable time during the Fall semester to the development of my topic and the writing of my Bench Memo. I understand that writing and editing the Bench Memo will likely continue late into the Spring semester. I also understand that during the Spring semester I will be required to devote considerable time in the LRWA class to which I am assigned, and that my professor may require I hold office hours/practice sessions outside of class time. I understand I will be required to provide a one-hour one-on-one session to each first-year student in my LRWA class during a two-week period.

I understand that I will be attending First Year Moot Court weekend to coach the students in my LRWA class.

I understand that some of the time commitments may occur during winter break and/or spring break for Bench Memo writing and class preparation.

I agree that subsequent to being placed in the program I will maintain reasonable communication with my fellow Case Counsel, LRWA professor, and the Moot Court Board.

I agree that if, subsequent to being placed in the program, I am no longer able to participate, I will notify the Moot Court Board **IMMEDIATELY**. This includes, but is not limited to, a change in academic eligibility, transfer to another law school, and time conflicts.

COMPETITION TEAM APPLICANTS – 1-2 MINUTE ARGUMENT PRESENTATION

The Board would like all Competition Team applicants to prepare a 1-2 minute introductory statement and roadmap taken/adapted from their First Year Moot Court Oral Argument. Applicants will be expected to present this brief argument in front of the Board as a part of their 10-minute interview.

Although notes will be permitted, applicants should be mindful that this is an exercise in presentation skills and reading from notes is not encouraged. Applicants' oral argument performances will be weighed in addition to overall performance in the interview and application. No single portion of the application process is dispositive.
